We do not cut the second hand sleepers. They were treated in creosote which is now a banned substance. All other types of sleeper can be cut to size.

For deliveries of sleepers we supply them “curb side only”, and ask that someone be on site to help offload.

Oak

We can order bespoke sizes of oak from our supplier. Kiln dried and planned services are also avail-able. We can also use oak in bespoke building projects. (i.e. 5 bar gates, garage doors)
Let us know what you require and we’ll get a quote made to your specifications.

To find total meterage multiply length and width of area then multiply by figures shown to the left in red.

i.e. You have an area of decking at 3.0mt x 4.2mt, you need to find out how much decking you will need using the 150mm decking.
3.0 x 4.2 = 12.60
12.60 x 6.66 = 83.9mts (linear mts)
